### **Touching More Lives Today and Tomorrow**

"The best week of my life!!" "Can't wait to come back next summer!" These are just a couple of statements from our campers after attending a life changing summer session at Camp Lookout. 96% of Camp Lookout campers have a significant experience of God's love while being at camp. Camp Lookout is one of the special places where young people (of all ages) encounter the "Love of Christ in the Glory of God's creation".

Here's our blessing and our challenge. Camp Lookout is full. We are currently unable to serve all who want to come. The Camp Lookout summer ministry has experienced steady growth, doubling since 1998. Our cabins are full. Children who want to come, who need to come, cannot. We don't have space. It is time for us to grow.

Since the early 1960's, the Methodist people of the Chattanooga and Cleveland areas have treasured their "Place Set Apart" on Lookout Mountain. From humble beginnings, with basic facilities, camp leaders have poured their hearts and souls into creating a place where God's love could be experienced in sacred retreat. Camp Lookout has been faithful stewards with the gifts we have received. Resources have been stretched to their limits and beyond.

Camp Lookout has to grow. Now is the time. We need your help. Through our "Touching More Lives Today and Tomorrow" capital campaign, we will be continuing the stellar efforts accomplished to date. This expansion plan will prepare us to meet present and future demands. Described in detail on these pages, this endeavor will require \$1.25 million in donor commitment. The time is now for us to invest new resources to move our highly regarded ministry to new and exciting places, where a new generation will experience for themselves the sacred space of Camp Lookout.

Thank you for joining us in making a difference in the lives of those who visit Camp Lookout.

### Total Master Plan Cost = \$3,244,000

### **Operational Requirements Addressing the Optimal Ministry Goals**

Long-range site planning has conceptualized the creation of areas and spaces for informal gatherings, organized activities, quiet reflection and worship, and camp administration. The locations of the proposed new facilities and infrastructure additions are in keeping with this concept.

### **Current Ministry Offered**

- Summer Camp consists of 22 25 separate camp sessions offered over an eight-week period in June and July. Participants range in age from early elementary through senior high. 70% of summer camp participants are either from or sponsored by local area United Methodist Churches. Summer Camp attendance has increased 106% over past 17 years.
- Retreat and Christian Education groups come from churches of all denominations, the Chattanooga/Lafayette Emmaus community, schools, and non-profit organizations. Some provide their own programming but many groups, especially youth, participate in activities offered in Adventure Education. Senior groups use the camp facilities primarily for day outings.
- Adventure Education offers a variety of on- and off-site outdoor activities primarily for youth and older elementary age participants from schools and church youth groups.
   Many of these groups come in the summer months during time periods that do not conflict with Summer Camp sessions.

### **Strategic Planning Process**

In 2005 a committee of the Camp Lookout Board of Directors undertook a strategic planning process, which examined all aspects of camp utilization, operations, marketing, and financial performance. User input was provided through a survey of the Cleveland/Chattanooga District United Methodist churches and a series of focus groups with key constituent groups. This process created a camp Master Plan which includes the following elements: 1)

Ministry Scope and Emphasis to set priorities for programs and services to be offered and constituent groups to be served, 2) Quantitative Goals and Expectations to measure progress, and 3) Strategic Issues to provide the basis for board oversight and involvement. This work has been revisited and revised in 2009 and 2014 through outside leadership and input of key stakeholders. Portions of the Master Plan are stated in this section.

### **Ministry Scope and Emphasis**

Camp Lookout will strive to be the year-around place for people of all ages to experience Christian growth and fellowship in a rustic, yet comfortable and easily-accessible camp setting.

Camp Lookout will continue to develop its strong Summer Camp program and seek to expand its guests of church-affiliated and educational groups in Southeast Tennessee and Northwest Georgia through:

- Increased marketing of its Summer Camp Program, Retreat Services, and adventure education program
- Continued strong relationships with current user aroups
- Enhancement of facilities and grounds with an emphasis on lodging facilities, trails, and other self-directed activities
- Development of specialized programs
